

ELYSIA

SKIN BODY LASER

It only takes seconds to make a first impression. If you want yours to count call ELYSIA. We specialise in skin, body, laser and aesthetic treatments and we really LOVE what we do. Great skin and bodies take time but we can guide you on your journey to achieve outstanding, natural results by lifting and sculpting, improving skin tone, clarity and texture. We want to help you be the best version of yourself. We will provide you with a tailor made, personal approach, bespoke treatments using the best technology and a treatment plan to work with your life and the demands of it. Add into this a private, discreet clinic, beautiful surroundings, onsite parking, so no walking through a busy high street or struggling to park.

Lisa Claypole - Elysia Skin: Body: Laser.

YOUR SKIN IS SAFE IN OUR HANDS

HERE'S A FEW OF OUR TOP TREATMENTS AND TECHNOLOGIES FOR FEBRUARY

SKIN

We specialise in non-surgical skin treatments. THE VIVAFACE LIFT works using the bodies own natural healing powers. It slows down and can even reverse the ageing process by harnessing the power of growth factors. These are super charged proteins that help boost the skin from deep within. Making your skin repair and rejuvenate 'its self'.

LASER

LASER HAIR REMOVAL - Imagine not having to wax or shave again. We offer a wide range of laser treatments. **SKIN REJUVENATION** - If you are thinking about this treatment, don't delay. It offers remarkable results for healthier, glowing skin. Non-ablative, allowing comfortable, fast and effective treatment you can transform skin (during a course) that's affected by scarring, fine lines, wrinkles, pigmentation, sun damage and red veins. Promote collagen, growth and clarity to give a wonderful tone, texture and luminosity. COME ON - GET GLOWING!

SKIN CARE

Everyone can achieve healthy skin. You just need a few lifestyle changes and the right choices. Stress, lack of sleep, sun, smoke, and alcohol - all affect our bodies. During your initial consultation we can guide and tailor make a plan that's right for you, giving you great skin for a lifetime.

BODY

Do you want firm, toned, skin? A reduction and improvement in cellulite? As we age, after childbirth or weight loss, skin can lose its elasticity. This can leave us with sagging, loose, crepey skin. With a course of treatments and a healthy lifestyle plan, we can give you back your self-confidence and significant improvements. LIPOFIRM PRO AND EXILIS ELITE are just a few of the treatments on offer.

ELYSIA SKIN: BODY: LASER: REALLY LOVE WHAT THEY DO AND ARE COMMITTED TO HELPING YOU ACHIEVE GREAT SKIN FOR A LIFETIME
